#### The Community Partnership (CP) Meeting In January Will Be Here In The North!

On Thursday, 23 January, 2025, at 6pm the meeting of the three wards (that Kelsale & Yoxford ward sits in) will on this occasion be meeting at the Yoxford village hall. Your parish attending keeps you up to speed with news, larger East Suffolk Council local outreach projects in the community and of course is a great place to meet other parish councillors. Please see that a rep comes from your village or you may be missing out.

In my capacity as Chair to the CP Transport Group, in this regard, there will be a new questionnaire discussing rural travel. This is coming out in the Spring. We really want to look at specific issues with regards to getting out and about – say if a resident has no transport, or, in this environmental economy, if a resident would start to transition onto public/community transport.

The Cake-Off – Thank You! Our saying thank you to you for being committed parish volunteers is one thing whilst keeping you informed about lots of different aspects to being an East Suffolk Parish – Parish Councillor is another. On Saturday 18<sup>th</sup> January a fun, late festive feeling event, will be held at The Hub, in

Huntingfield, at 3.30pm where you will meet interesting groups who are showing their community work, plus Caroline Topping – the ESC Leader who may be able to share more news as to the national programme to reshape local councils.

# Please if you are a councillor, take the time to come along, bring someone with you if that's good for you, and perhaps even bring your village CAKE for others to enjoy!

The Hub is a community building enjoyed by three parishes – in the basin of the Huntingfield village, opposite the highly regarded Huntingfield Arms. (IP18 0QH).

East Suffolk photo competition – capture the amazing!

We're excited to announce the return of 'East Suffolk Through the Lens' – our popular photo competition which celebrates how amazing East Suffolk is.

From picturesque coastlines and charming villages to vibrant towns and tranquil nature reserves, East Suffolk is brimming with stunning sights just waiting to be captured.

Whether you're an experienced photographer or just love taking photos, this is your chance to showcase what makes our district such a special place to live, work and visit.

Your shot could win you high street vouchers worth up to £100 and may even feature on the cover of East Suffolk Magazine, which is delivered to thousands of households across East Suffolk. Entries close at 11:59pm on Thursday 30 January 2025.

So, what are you waiting for? Submit your best photos now at: my.eastsuffolk.gov.uk/service/Photo competition

#### Aldeburgh Land Transferred To Council

A dedicated group of volunteers will play a key role in boosting biodiversity on a patch of land adopted for public ownership in their community.

The eight-acre plot, divided by Prevetts Way, at Church Farm, Aldeburgh, has been transferred to East Suffolk Council as part of a planning obligation by housing developers.

It means that the open green space, commonly used by dogwalkers and residents accessing the town on foot, will be maintained by East Suffolk Services Limited in partnership with a newly formed community group.

The transfer of ownership completes an outstanding planning obligation, now known as a Section 106 agreement, with developers of the adjacent Church Farm housing development. A capital sum has also been transferred, in accordance with the same agreement, to cover a 10-year maintenance period. East Suffolk Council commissioned Suffolk Wildlife Trust's ecological consultancy team, Wilder Ecology, to conduct a survey of the site to record existing habitats, identify opportunities to enhance biodiversity and create a longer-term management plan for the area. Future projects and management proposals included the introduction of wildflowers and restoration of a pond within a wooded area of the site.

The Council then met with local residents to discuss options for the site and agree the formation of a 'Friends of' group to support management of the land as an open space for the enjoyment of the public.

GLI Clir Sarah Whitelock, ward member for Aldeburgh and Leiston, was in attendance at the meeting. She said: "I commend the residents of Aldeburgh who have volunteered to help with the maintenance and upkeep of the space. We also welcome those who have inputted their wishes for the area, as this helps it become a great space for many to enjoy in the coming years."

GLI Cllr Sally Noble, East Suffolk Council Cabinet member with responsibility for the Environment, said: "Creating a long-term plan for this piece of land is highly important. Appropriate management of the area will ensure that the wildlife can thrive, and residents can enjoy this space for years to come. The plan laid out by Wilder Ecology is thorough and covers all elements of the environment, including grassland, trees and grass verges which benefit the wildlife native to this area."

# East Suffolk's Amazing

We invest every single penny we can in services to help maintain the beauty and cleanliness of East Suffolk but sometimes admit that it can never necessarily be enough. A cross-party working group of councillors is already working on different ways we can work to maintain the beauty of East Suffolk, which includes encouraging more residents to take active pride in their local area.

This includes reducing fly-tipping, recycling properly and even, where possible, looking after the spaces outside your own property. We are also working closely and collaboratively with

Suffolk County Council who have responsibility for weeds on roads and pavements, potholes and road signs. There is already an incredible network of volunteers who work to help keep our district beautiful, with regular litter-picks, planting, and an all-round effort to keep their local area clean. If East Suffolk matters to you, if you want to play your part, we would love you to get involved. East Suffolk's Amazing... let's keep it that way!

The Council will support local communities and groups by lending equipment for litter pick events, including hi-vis vests, litter pickers, bags and bag hoops. A range of information about how communities can get involved in schemes, as well as a range of tips and advice, can be found at:
